PRAYERS

TO BE USED AT ALL MEETINGS OF THE SOCIETY, AND OF ITS
SEVERAL ASSOCIATIONS.

PREVENT us, O Lord, in all our doings with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name; and finally, by Thy mercy, obtain everlasting life; through Jesus Christ our Lord. *Amen.*

O merciful God, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Heretics, and take from them all ignorance; hardness of heart, and contempt of Thy word; and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd. Prosper, O Lord, the labors of those Societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the Colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper thou our handy work," for the sake, and through the merits of the same Thy Son Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in Heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil: For thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

ANNUAL REPORT FOR 1856.

THE attention of the Central Board has been much engaged, during the past year, with proposals for extending the Missionary operations of the Society : an object which stands first among those for which it is incorporated ; and which will be found to secure, more perhaps than any other, the sympathy and support of the members of the Church at large. It has never indeed been lost sight of by your Board ; but the emergency which has arisen, in consequence of the secularization of the Clergy Reserves, and the active measures taken, almost simultaneously, by the Society for the Propagation of the Gospel, for the reduction and ultimate withdrawal of the aid so long extended to the Diocese, have rendered the matter one of pressing necessity. Your Board, however, has been unwilling to commit itself to any plan for the maintenance of Missions, which did not seem to afford a reasonable prospect of permanent usefulness : and the discussion of the subject has shewn it to be attended with so many difficulties, that, as yet, no definite course of action has been resolved upon.

In pursuance of a Resolution passed in May last, a Committee was appointed to consider, and report upon, the best method of providing for the wants of the Diocese in this respect. Their Report, owing to an informality in calling a Special Meeting of the Board, has not yet been finally disposed of : but, in the meantime, measures have been taken to meet, for the present, the deficiency caused by the reductions actually made by the S. P. G.

In the various plans, which have been discussed, your Board has kept prominently before it the necessity of

rendering aid, in such a manner as to draw out local exertions.

Our situation is, no doubt, in many respects, peculiar; and we labour under difficulties, scarcely known to churchmen in the wealthier and more highly favored sections of the Province—not the least of which difficulties, perhaps, is, that what is known of *their* actual condition is often erroneously taken, by persons at a distance, as the ground for forming an estimate of *ours*. But, though we have been unable, up to the present period, to frame any organized system for the maintenance of the Church in the Diocese, it cannot be said that our difficulties have been aggravated by the shortcomings of the Church Society. On the contrary, it might be averred that, as members of that body, we have little whereof to complain, and something wherein to rejoice. Our Missionaries are relieved from one cause of solicitude, which bears heavily upon their brethren in the other Canadian Dioceses. By the good providence of God; and His blessing upon a timely foresight, the Widow and Fatherless are here assured of a modest, but not unsuitable, provision: and there needs, for the accomplishment of this object, no compulsory demand upon the slender pittance of the Clergy. Nor can it be fairly deemed of no advantage, that our invested Capital is comparatively large. The importance of such an ample guarantee was felt, when it became necessary to offer a pledge of good faith to those, who were invited to commute the allowance received by them from the Clergy Reserves.

Your Board beg that they may not be misunderstood. They would not, for a moment, insinuate that the Clergy in the other Dioceses have incurred any risk. Yet may they enjoy the satisfaction of knowing that the bare suspicion of such risk did not suggest itself to any of the Clergy in this Diocese. The Society, which called upon them to forego certain personal advantages, for

the good of the Church, had earned, by a wise economy, an unquestioned claim upon their confidence. Nor had she done this, to the neglect of other things left undone. Our Records will abundantly prove, that Investments have been made, not through any undue hoarding of our resources, but mainly through the number acquired of Life-Subscriptions—a number greater, it is believed, than any other Church Society can exhibit.

Your Board conceive that some explanation may be useful, with reference to the reluctance, which prevails, to aid in the plan of reduction, proposed for her own relief, by the venerable Society for the Propagation of the Gospel.

That this hesitation does not proceed from lack of affection on our part, we confidently assert. And, at the risk of seeming to be vain-glorious, would, in proof of our assertion, point to the fact, that this poor Diocese of Quebec did more—not *relatively*, but *absolutely* more—to augment the Jubilee Fund, than any other Diocese throughout the whole extent of the Colonial Empire. And further, that what she did, she did in a spirit which many were found to admire, and but few to imitate—placing her contribution of £500, Sterling, as a thank-offering at the free and unfettered disposal of the Society.

The now prevailing reluctance may, in the opinion of your Board, be traced to a general conviction, that the plan proposed is as unwise in respect of the Society's own best interests, as it is unjust to ourselves. A nice distinction has been drawn between *planting* and *sustaining* the Churches in the Colonies. But is it not the merest fallacy, as applied to the state of things which obtains in Lower Canada? We believe too, in spite of the many plausible theories of the day, that the first duty of that venerable Body is to the Emigrant, and to the Countries in which that Emigrant finds a resting place and a home. Nor, though deeply grateful for the

manifold good offices, through which assistance is conveyed to us from our brother Churchmen in England, can we account as altogether of free bounty the assistance so conveyed. We do feel that something is due to the Church, which welcomes, adopts, and watches over, the many poor, and spiritually destitute, whom the Mother Church sends forth, or suffers to wander uncared for from her oversight. Nor can we bring ourselves to regard that *something due*, as having been hitherto computed on a too extravagant scale; when we bear in mind that it does not impose a tax upon each individual churchman in England, amounting to more than a minute fraction of a farthing. But it is time to advert to other topics, which may be considered of a more immediate interest.

Your Board experience much satisfaction at being enabled to state that, during the past year, fourteen individuals have contributed, respectively, amounts sufficient to qualify them for election as Life-Members of the Society: an example which they earnestly hope may be followed by many others, before the year, that we have now entered upon, shall have passed away. The names of the individuals thus qualified are, Lady Estcourt, Miss Taylor, Major General Trollope, C. B., Lieut. Colonel Dalton, R. A., Rev. T. Pennefather, Hon. J. M. Fraser, Thomas Glover, W. H. Anderson, John Pye, Thomas Poston, Jas. Haslett, Thomas Andrews, Alex. D. Bell, and Wm. Petry, Junior, Esquires.

While touching upon this subject, the recollections of your Board naturally revert to a passage in their last Report, in which they say, "Many indeed are the claims, which those, who follow the profession of Arms, have established upon our gratitude." They look upon the preceding list—and gratefully acknowledge that those claims have not been weakened—that they have become stronger still.

Their recollections revert also, unbidden, to one, of whom they had ventured to express their hope, "that he might long be spared to prove, if a good Soldier of an earthly Sovereign, so also of Jesus Christ:" but whose career of usefulness and of glory was cut short, almost before the ink was dry, in which those words of hope were written! Your Board, therefore, would here, with feeling of mingled sadness and admiration, shared in by all, who had any knowledge of his character, record the untimely fall, before Sebastopol, of one of the warmest friends, and of the most liberal supporters, of the Church in this Diocese—the gallant and devoted Major Ranken.

It may here, not inappropriately, be stated, that the mention made, in the last Annual Report, of the loss which the Society had sustained in the death of Major General Estcourt, who was one of its earliest friends, prompted the desire, on the part of his Widow, that his name should still remain connected with it: and the sum of £12 10s., was accordingly placed in the hands of the Bishop of the Diocese for that purpose. But as this object had been already secured by his own contribution as a Life-Member, the amount has been entered in the name of Lady Estcourt, which stands now upon the list.

MISSIONARY LABOR.

The Rev. W. V. Lloyd was selected by the Lord Bishop to discharge the duties of Chaplain at the Quarantine Station, Grosse Isle. This situation Mr. Lloyd continued to occupy during the months of May and June: when he was succeeded by the Rev. Mr. Chapman, Missionary at Dudswell. Mr. Chapman has not forwarded any regular Report to the Secretary: stating as his reason for this omission, that he did not consider it necessary to do so, in consequence of the routine of duties this season having been, in all essential matters.

almost identical with that of last year, "with the exception of the Sunday Evening Service in the Church; and four visits to Crane Island, for the celebration of Divine Service there."

Mr. Chapman arrived at the Quarantine Station on the 1st of July, and left on the 6th of October following.

The Rev. E. G. W. Ross having been appointed by the Bishop to visit the spiritually destitute Settlements on the Saguenay, left Rivière du Loup, on board the steamer Tadousac, on the evening of September 3rd, and arrived at Rivière du Moulin, near the head of the Saguenay, on the following afternoon. Here he remained for the space of a fortnight, at the hospitable mansion of David Price, Esq., M. P. P., engaged in visiting, ministerially; the different families of French and English Protestants in the village and adjoining neighbourhood, catechizing the children, and distributing Testaments, Prayer-Books, Books of Family Prayer, and Tracts, in the French and English languages. On Sunday, September 7th, Divine Service was celebrated at the residence of Mr. Price, the Congregation consisting of 15 individuals. It was intended to have held a second Service in the afternoon; but in consequence of the determination on the part of the Captain of an American vessel in the river, to sail that evening, the arrangements for public worship were, to the great regret of the Settlement, unavoidably disturbed.

On the 12th, Mr. Ross proceeded to Gladfield Farm, distant 9 miles from Rivière du Moulin, stopping, en route, at the village of Chicoutimi, to visit Mr. Charlton, the only Protestant at present resident there. At Gladfield, the residence of Mr. S. Ross, he remained for the night, having in the evening catechized the children, expounded a portion of Scripture, and joined with the family in prayer. He had intended to proceed next morning three miles further up the River in a bark canoe

(there being no beaten road on which a vehicle could travel) to visit Mr. McLeod, the oldest British Settler in the District; but, in the estimation of those best qualified to form a judgment on such matters, the water was too rough, and the wind too boisterous, to admit of his intention being carried into effect. He returned, therefore, to Rivière du Moulin, and on the next day, Sunday, Sept. 14th, celebrated Divine Service, morning and evening; the Congregation on the former occasion amounting to 18, and on the latter to 13. Of this little flock, two farmers had come from a distance of 12 miles, through bush and over rugged roads, having undertood that this was the last occasion when, for at least a year, they could hope to enjoy the privilege of joining in the public Services of the Church.

On the 15th, Mr. Ross visited, by appointment, a family on the opposite side of the River Saguenay, where he had never on his former tours of duty been: and left with them a copy of Bishop Blomfield's Manual of Family Prayers, in French, and also some English and French Tracts.

On the occasion of Mr. Ross' visit to the Saguenay District in the preceding year, he had been requested by a French Canadian (Roman Catholic) to furnish him with a French New Testament and book of Common Prayer. On his late visit, this individual assured Mr. Ross that he was in the constant habit of diligently perusing both; and accepted, with feelings of evident satisfaction, a copy of Bishop Blomfield's Manual. Another French Canadian farmer was also presented with a copy of the New Testament, at his own special request.

On the 18th, Mr. Ross proceeded over-land from Rivière du Moulin to Grande Baie, taking up his quarters at Mr. Blair's, "where," he writes, "I am always kindly and hospitably entertained." Mr. Ross' occupations and duties here being of course similar to those already described at Rivière du Moulin, it will be unnecessary

to particularize them further. On the 19th, in the evening, he performed Divine Service at Mr. Blair's, the Congregation amounting to 17. On Sunday, September 21st, two Services were held, attended on each occasion by 22 individuals. With regard to Grande Baie, Mr. Ross remarks that there are more protestants resident there than at any other station on the Saguenay.

September 22nd, Mr. Ross left for Chicoutimi: where he became the guest of Mr. Charlton. And on the following day he went on board a Schooner bound for L'Anse-à-l'Eau, at the mouth of the Saguenay, a distance of 60 miles from Chicoutimi: where he arrived after a voyage of two days and nights, progress having been retarded by calms and contrary winds. "Here," he writes, "I was kindly received by Mr. Radford:" a statement which will meet with ready credence from all, who enjoy the pleasure of that gentleman's acquaintance.

At L'Anse-à-l'Eau, Mr. Ross celebrated Divine Service on the evening of Friday, 26th, the Congregation consisting chiefly of Mr. Radford's family: for there are very few Protestants resident at this station, or at the adjoining one of Tadousac. On Sunday, 25th, after having performed a full Service in the morning, Mr. Ross crossed the Saguenay to Rivière-aux-Canards, for the purpose of visiting a Protestant family, the only one there resident. On the day following, Mr. Ross left L'Anse-à-l'Eau in a boat kindly furnished by Mr. Radford, and steered by Capt. Hovington, of Tadousac. After a pleasant passage across the St. Lawrence, Mr. Ross arrived in safety at his home, Rivière-du-Loup. His very interesting journal he concludes in the following words: "The Missionary's visit to the Saguenay occupied 26 days. May God superadd His Blessing to the word preached, and to all our religious exercises and labours!"

Is it right to mention that, although your Board has availed itself of Mr. Ross' journal, from the circumstance

that the Society had for several years furnished the means of carrying the Ordinances of the Church to the destitute settlements on the Saguenay, the services of that Gentleman have involved no expense to the Church Society, but have been afforded in his capacity of Missionary of the S. P. G., the duties of his own settled Charge not being sufficient to give him full occupation at all seasons.

The Rev. W. V. Lloyd has forwarded to the Secretary a Report, relating chiefly to Sunday Services, performed by him at Danville and Warwick, in the neighbourhood of Melbourne, during the three months ending March, 23rd, 1856. As we look upon many portions of Mr. Lloyd's Report as likely to prove interesting to the members of the Society generally, we shall proceed to make some extracts from it. After having introduced the subject of the several duties performed by him during the period of his employment, he proceeds to say: "I may add a few general remarks, which may not be thought unworthy of the attention of the Board, respecting the Church's prospect of advancing her work in the particular neighbourhood, I have thought it necessary more especially to devote my attention to. I refer to Danville, a village of very respectable proportions, at a distance of twelve miles, by Railway, from Richmond; containing within its immediate neighbourhood, a population of fully 1500 souls; and one, from its natural advantages of position, the richness of its soil, and its undeveloped resources, likely, of all other places in this District (Sherbrooke and Stanstead perhaps excepted) to advance most rapidly in material prosperity.

"It has its 'Academy,' its District School; both well attended, and provided with teachers above the average attainments: its Congregationalist and Adventist Meeting-Houses, with their respective resident preachers: its periodical assemblies under the teachings of

" an itinerant Universalist preacher—but no permanent
 " ' Church' establishment. I mention these facts, as
 " shewing a general desire for secular and religious edu-
 " cation.

" There is no sufficient reason, in my mind, why the
 " Church should not make a further effort to meet these
 " requirements, than itinerant Missionary labours can
 " possibly afford—why Danville, the centre of by far
 " the most flourishing agricultural neighbourhood in
 " the District, with its six or eight Stores, its two public
 " schools, its three dissenting assemblies, should not
 " also have its Church and resident Minister.

" Nor have I reason to suppose, from my occasional
 " intercourse with the people, that they have an insur-
 " mountable objection to 'hear the Church'; to adopt
 " her fine and scriptural truths, when made known to
 " them; nor an indisposition to offer a liberal hand to
 " her support, if called upon.

" Danville does not stand alone, but could, with a
 " resident Clergyman, supply the spiritual wants of the
 " following out-stations, viz: Tingwick, Cassidy's, War-
 " wick, and Kingsy-Falls: all of which radiate from it
 " as a common centre, being situate at distances varying
 " from six to fourteen miles; each capable of affording
 " Congregations, in number exceeding those of some
 " settled Missions; and consequently having claims, at
 " least equal to the latter, upon the consideration of the
 " Church.*

" In viewing numerically the attendance, as particu-
 " larized below, it must be borne in mind, that my
 " visits have not only been flying ones, but have been
 " paid during the most inclement period of an unusually
 " stormy winter; and that, with the advantages of pas-
 " toral supervision, and a milder season of the year,

* Arrangements have been made, since date of Mr. Lloyd's Journal, by which the Rev. Mr. Balfour of Kingsy will be enabled to officiate in Cassidy's Settlement, Danville, Tingwick, and Warwick: and also to pay an occasional visit to a Settlement in the rear of Shipton.

"these numbers would no doubt increase, in a ratio proportionate to the bulk of the population."

Mr. Lloyd performed Divine Service on five different occasions, morning and evening, at Warwick, distant from Melbourne 27 miles. Attendance, owing chiefly to inclemency of weather and state of roads, varying from 17 to 32. At Danville, Divine Service was celebrated, morning and evening, on seven occasions. Attendance, from like causes, varying from 30 to 58. On one occasion, from the extreme severity of the weather, Mr. Lloyd was obliged to return, after having made an ineffectual attempt to reach his destination.

We shall close our extracts from the highly interesting journal of this missionary, by citing two brief passages more:

"Sunday, February 3rd. After the second Lesson, I was privileged to take my part in a ceremony of extreme interest, viz. the incorporation by Baptism into Christ's holy Church of a married lady, who up to the period of my recent visits, had not the resolution to seek this privilege.

"Sunday, February 24th. I employed a portion of my spare time in the preparatory examination of an adult candidate for Baptism. A gentleman of 28 years of age, holding a respectable position in life; but who, like too many in the country, had been left, from parents' neglect, a prey to spiritual starvation. He was baptized, in the presence of his appointed witnesses, after the 2nd Lesson of the morning Service."

The Rev. P. S. Williams of Sorel, has forwarded to the Secretary, a statement of missionary Services, performed by him at the River David Settlement during the past year. From which statement it appears that Mr. Williams celebrated Divine Service there on 12 occasions: on three of which the Sacrament of the Lord's Supper was administered. The number of attendants on public worship during the year averaged 18 Adults:

consisting chiefly of the members of 4 families resident in the neighbourhood. "One of the most constant and diligent attendants on my ministrations at River David, in all weathers," writes Mr. Williams, "is the child of "a fugitive from a Spanish Convent; who, accompanied "by another unfortunate, took refuge on board an English Vessel."

WIDOWS' AND ORPHANS' FUND.

In consequence of the proposed extension of the Missionary labours of the Society, the Annual Sermon in aid of the Widows' and Orphans' Fund has been discontinued; and one for Missionary purposes substituted. This measure, necessary as it was felt to be, was adopted with much reluctance: and the Board regret to find that, from the wording of the Resolution referring to this subject, an impression has arisen that no further contributions to the Widows' and Orphans' Fund would be received: an error which, it is hoped, that this explanation will remove. Subscriptions and donations to this Fund are still received as heretofore.

DEPOSITORY.

The Sales at the Depository, during the twelve months ending December 31st, 1856, have amounted to the sum of £36 12s. 4d.

The Depository Committee have made the following grants of Books, &c., within the year, for gratuitous distribution: Bibles, 17; Books of Common Prayer, 21; New Testaments, 12. Of these some are in the French and German languages. Bibles also and Prayer-Books (number not specified) to amount of £2 10s. And Tracts to amount of £26 5s. They have also granted Books for Lending Libraries to amount of £6 5s., and Reward Books for Sunday School to amount of £1 5s.

The Committee have further granted to several Clergymen. Bibles and Prayer-Books to the value of £8 15s.,

for sale at ordinary or reduced prices among their Parishioners.

A valuable, and more varied, assortment of Books than heretofore, to the amount of £75 sterling, has been received, during the year, from the Society for promoting Christian Knowledge.

Your Board, while dwelling upon topics connected with the Depository, cannot refrain from expressing their lively regret at the languishing condition of that Institution; and their earnest desire that it might be possible to render it an instrument of more extensive good.

And here they would strongly urge upon the Society, the necessity of arousing the Country Missions, which derive the largest share of benefit from this institution, to a more practical exhibition of interest in its prosperity, than they have hitherto evinced. It does not appear that in any other quarter, except in the city of Quebec itself, has any exertion whatever been made in its behalf.

The infrequency of the Meetings of the Central Board has, for the last two years, been found a cause of serious inconvenience; an accumulation of business having necessarily to be disposed of, without the possibility of devoting to it a sufficient measure of consideration: while the long intervals between the Meetings have proved productive of much difficulty to those having business to bring before the Board. It is therefore recommended that the By-law, bearing upon this point, should be so amended as to provide for eight meetings of the Central Board annually. It is also recommended that an abstract of the proceedings of the Central Board should be prepared by the Secretary, and appended to the Annual Report, for the information of the members.

Your Board beg leave to report, that in several of the Missions the annual Sermon or Sermons, required by the By-laws, have not been preached during the past year: while in others, no subscriptions in aid of the objects of the Society have been collected. However trifling the amount contributed may be, it is believed by your Board that in every Mission something might, with proper exertions, be effected. And it is therefore recommended that the By-law, forbidding grants in certain cases, be strictly enforced.

The discontinuance of the regular meetings of several of the District Associations has probably tended to produce the neglect alluded to: and the Board would therefore recommend that an attempt be made to insure their renewed activity. It is but justice to the St. Francis District to state, that its Annual Meeting has been held without interruption; and its accounts transmitted with a regularity, that reflects credit upon the Treasurer, R. D. Morkill, Esq., of Sherbrooke, and his predecessor in that office.

The grant of £10 each, to those of the Clergy, whose Congregations (in addition to any regular payment previously agreed on) had raised a similar sum for their use,

has proved so seasonable a relief to many, that it is earnestly hoped that the state of the Society's funds may justify the bestowal of a like gratuity for the last year. To this end they would therefore urge, earnestly and affectionately, upon the Members of the Society and of the Church generally, to make renewed and increased exertions for the augmentation of her funds. They would call upon all, who bear the name of Churchmen, no longer to hold back, no longer to stand aloof in cold, unchristianlike indifference; but to come forward, and aid, as Churchmen should aid, in the sending forth of fresh labourers into the Lord's Vineyard, and in the maintenance of those that are already toiling there.

"Freely ye have received: freely give!"

ST. FRANCIS DISTRICT ASSOCIATION.

The annual meeting of the St. Francis District Association (being its thirteenth Anniversary) was held at Sherbrooke, on Wednesday, October 15th, 1856. The Rev. A. Balfour, having taken the Chair, submitted to the Meeting a lucid statement of the object of the Association, and appropriate addresses were delivered by the Rev. Dr. Nicolls, Rev. Professor Thompson, Rev. T. Pennefather, and A. Scarth, Esq., student of Bishop's College, Lennoxville.

From the report submitted to the Meeting we present the following extracts:—"In laying the present Report before this Meeting, the Committee would express its deep sense of the importance of the various objects con-

"templated by the Association, and of the necessity of
 "the most strenuous exertion on the part of the Clergy
 "and Laity, that these objects may be to some extent ac-
 "complished.

"While we sleep, the enemy sows his tares. While
 "we cry "peace and safety," the souls, for whom Christ
 "died, are perishing for lack of knowledge—the know-
 "ledge of the truth as it is in Jesus, which alone can
 "make them wise unto salvation. It becomes therefore
 "the duty of all, who wish well to Zion, to be up and
 "doing, to redeem the time, not only working out their
 "own salvation, but endeavouring to spread the holy
 "influence of the Gospel around them, that others also
 "may hear, believe, and obey the Word. * * * * * By
 "the united and hearty cooperation of all the Members
 "of the Church, small and great, young and old, must
 "the various objects contemplated by this Association
 "be attained. We are too apt to forget this; and to
 "think that it can make but little difference, whether
 "we, individually, take an interest in these things, or
 "not.

"Let us hope that, for the time to come, we shall see
 "more interest manifested, a more active part taken by
 "all. So that the next Report may not be one of com-
 "plaint, but rather of congratulation, of joy and rejoy-
 "cing, for all that we may have been enabled to effect."

The Rev. C. P. Reid, Missionary at Sherbrooke, thus
 reports, with reference to his field of labour:—"Du-
 "ring the past year the Mission has been, when judged
 "by a comparison with the general condition of the Dio-
 "cese, in a satisfactory state of progressive improve-
 "ment. The Congregation is united, and the means of
 "grace are evidently blessed on their behalf. Since the
 "beginning of July, Divine Service has been regularly
 "performed by a Lay-reader at the Magog Settlement,
 "with fair prospect of good result. Though the people
 "of this Settlement have been hitherto too much ne-

"glected, yet several families are still to be found, who have not lost their affection for their mother, the Church; and who receive with much comfort the ministrations of the Lay-reader.

"Though the annual sum of regular Subscriptions raised in Sherbrooke on behalf of the Church Society does not appear, at first sight, so large as ought to be raised in a Mission of its seeming ability, it is to be considered that the Subscriptions to the Church Society form but a very small fraction of what is annually contributed by the Congregation for the maintenance of religious institutions."

The Missionary then presents a statement, to the effect that a sum, amounting to about £229, has been raised by the Congregation during the past year; and intimates his conviction that this statement is but an approximation, understating, rather than overstating the actual amount. "It shews," he proceeds, "an average contribution for the purposes for which the Church Society was organized, of five dollars from every Member of the Congregation, young and old."

The Lay-reader, to whom Mr. Reid refers in the foregoing, is Mr. Bottom, the efficient Teacher of the Training School at Sherbrooke, in connexion with the Colonial Church and School Society: their appreciation of whose voluntary services at the Magog Settlement the Board are happy to have this opportunity of recording.

The Missionary at Lennoxville and Waterville, Rev. T. Pennefather, thus writes:—"Owing to a change in the Mission of Lennoxville made by the Lord Bishop of the Diocese, whereby the Village of Waterville and parts adjacent are included under one Missionary charge with that of Lennoxville, no steps have as yet been taken for the raising of money, for the support of the Church Society, throughout the whole District. At Lennoxville, it is to be hoped that, the annual Subscription will not fall short of the amount usually col-

"lected, although the number of Church Members be-
 "longing to Lennoxville has been gradually diminishing,
 "for the last few years, from emigration. This will ac-
 "count also for the Offertory Collections being less in
 "amount this year than hitherto. But while deploring
 "deficiencies of this nature, we must hope that the few
 "who remain, will continue to display their usual zeal;
 "and, as far as in them lies, promote the good cause we
 "all have at heart.

Man "At Waterville, where there is a small and poor Con-
 "gregation, the last Quinquagesima Collection amount-
 "ed, I believe, to £1. And the people are under engage-
 "ment to pay their Minister, so that as yet no Subscrip-
 "tion list (as I before stated) has been attempted. Let
 "us, however, hope for the best, and that upon the next
 "Anniversary of the St. Francis District Association,
 "the Mission of Waterville, as well as that of Lennox-
 "ville, will be found a contributor to the general fund
 "of the Church Society."

The Rev. Dr. Falloon, of Melbourne, writes to the
 following effect:—"It is expected that the Subscrip-
 "tions will be much the same as last year. Some of
 "our Subscribers have gone: but their place is filled by
 "new ones. I have formed two additional Associations
 "in two of the Congregations that I attend. But they
 "are yet in their infancy. Upon the whole, my Mission
 "is in a prosperous state; and I hope to be able to raise
 "our Subscription list much higher than it is at pre-
 "sent."

The Rev. J. Dalziel, of Eaton, in his report thus
 writes:—"During the year, now mingled with the
 "things that were, nothing has transpired, out of the
 "usual current of Missionary life and Missionary labours,
 "that possesses either much interest or importance * * *
 "As to the state of this Mission generally, there is much
 "to encourage, and also some things to discourage.
 "But a little leaven has been formed, which, I trust,

"will in due time leaven the whole lump. The Subscription amounts to £10 3s. 9d.; one half of which will be appropriated to purposes within the Mission."

The following Report has been furnished by the Missionary at Bury, Rev. J. Kemp:—"With respect to this Mission but little can be said. Beyond the usual Services in the various Churches and School houses, there is nothing extra to report.

"Service has been performed every Sunday morning, at Robinson Village, the head-quarters of the Mission. Congregation, 50 to 80. Afternoon Service has been held at St. Thomas' Church, on the Victoria road, once a fortnight. Congregation, 35 to 50. There has been a falling off in the attendance upon the Service at this Church, in consequence of an unhappy family division: which has resulted in the removal of three families from the place—numbering 15 persons—all of whom were regular attendants, and five or six of them communicants. Afternoon Service is also held monthly at St. John's Church on the Dudswell road. Congregation 20 to 30.

"An occasional third Service has also been held at a School-House about 2½ miles from St. John's Church, where I have had a Congregation of 50 to 80, or more. The people in this neighbourhood are mostly Dissenters. They have been so tossed about with every wind of doctrine, that they hardly know what they believe themselves.

"A monthly Service has also been held at Lingwick, about 12 miles from Bury; where there is a Congregation of from 30 to 40, who profess adherence to the Church. The inhabitants of this Township, and also of the next adjoining, are almost all Highlanders, of the Free Kirk. They have however no Minister at Lingwick. A very few of the more liberal sort attend the Service of the Church, and some of them subscribe to the Church Society,

"I generally put up for the night at the house of James Ross, Esq., J. P. who wishes me to consider his house my home, when I am not specially invited elsewhere. He, although not of the Church, has invariably attended the Service, and shewn every attention to the Clergyman.

"A School has been kept at the Village of Robinson during the past Summer, in connexion with the Church: for the support of which the Church Society grants £12 10s. per annum. There are on the Books, 32. Average attendance 20, mostly rather young children; as the older ones are needed at home during the Summer.

"We hope to be able next year to report one permanently kept at this village, under the auspices of the Colonial Church and School Society; from which we anticipate a grant. Which, with that from the Church Society, and local taxes and Subscriptions, will make up an amount sufficient to secure the services of a competent master.

"The Subscriptions will be much smaller than heretofore, because several have left the place, who were in the habit of subscribing. And some, alas! have become 'weary in well doing.' While other names will be omitted, because the Clergyman has also become weary of paying *their* Subscriptions."

Under date October 18th, 1856, the Rev. A. A. Allen, Missionary at Compton and Coaticook, writes:—"According to promise I send you a few words to let you know what has been done amongst us, during the past year, in Church matters.

"That portion of the Clergyman's salary paid by the people is received half-yearly. For the last year, ending 31st July, the Congregation at Compton have lately handed in the balance, making good the £30, Currency. Besides this, through the indefatigable exertions of A. Stimson, Esq., we have the hearts of

"all gladdened, in the worship of our God, with the
"sweet sounds of an excellent double-reeded Melodeon.

"Two young ladies of the Mission have kindly under-
"taken to preside at the Instrument, which they do
"well, and to the satisfaction of those who, with them,
"are permitted to lead the songs of praise in the assem-
"bly of the faithful.

"The pew-rents are being called in to liquidate the
"debt, which still rests on the Church Building.

"From Coaticook, for the year ending 31st July last,
"I have received on account of salary but £10, in two
"payments of £5 each. When the rest (£15) is to come,
"*I do not know.* Such dealings, on the part of persons
"undertaking to guarantee the poor Parson's pittance,
"are, to say the least of it, very, *very inconvenient.*"

The Rev. T. S. Chapman, writing from Dudswell,
says:—"The number of Subscribers is a little more than
"doubled this year. However, the sum total does not
"bear the same proportion, on account of hard times
"among farmers. The rains last summer did extensive
"injury to the crops. The claims of the Society, not-
"withstanding, were cheerfully acknowledged by most
"of our people, when laid before them."

From the Rev. J. Carry, the Secretary has received a
communication: of which the following forms a por-
tion:—"The Subscriptions are of much the same amount
"from New-Liverpool as heretofore.

"Pointe-Levi, which for the last two years, in con-
"sequence of the late Incumbent's ill health and other

"causes, sent nothing, now transmits what is indeed small; but to be accounted for by the pressure of a debt, which weighs heavily on a small, and by no means wealthy Congregation. The Missionary can say that the disposition towards the Society is very good."

"St. Nicholas, where a few working people only reside, whom the Missionary visits at distant intervals, has begun to do most commendably, as will be seen from the report furnished."

The Rev. C. P. Emery, writing from New Ireland, mentions amongst other matters of interest, the incorporation into the Church of England, by Baptism, of a woman arrived at the age of 51 years. "She had been careful," he writes, "in having her children baptized, but had been careless of herself: having been brought up a member of the Baptist denomination. God was pleased to bring her to a due sense of her state by a severe illness. She sought the holy Sacrament of Baptism: with, as I trust, due repentance and lively faith. And, with somewhat melancholy satisfaction, I received her into the number of Christ's flock."

With reference to a series of Meetings attended by your Secretary in the month of March last, at Pointe Levi, St. Giles, St. Sylvester, Leeds, Inverness and New Ireland, Mr. Emery says:—"I am in hopes that our District Association Meetings, last Spring were productive of good. The Congregations of Trinity and Christ Church have not yet paid in the amount required by the Bishop towards the Clergyman's stipend for last year. But I have been calling Meetings lately: and several of the people, I am glad to say, begin to appear determined to do something; and the majority of those who have entered their names on the Subscription list, have made their Subscriptions much larger than they have ever done before. But yet, I must confess that, with one exception, I think that

‘the people have not subscribed as much as they can. “I was anxious for them to maintain spiritual Ministra-
“tions in their midst, entirely from their own resources :
“but no! the time does not seem yet to have arrived.

“With respect to Schools, I can say but little. I
“have two, distant from each other 20 miles, carried on
“under very inefficient circumstances. I ought to have
“eight hard-working Schools.

“The people are too backward, and too much divided :
“otherwise they could do all that is required in main-
“taining the Sanctuary and the School. There is the
“power within: it requires developement: and I am
“anxiously striving to effect this. I do not like extra-
“neous assistance: it has a tendency to deaden.

“The Congregations at Trinity Church have been
“much better than formerly. The largest numbers, at
“different times, have varied from 104 to 130. The col-
“lections at the Offertory have also been on the increase.

“Before I conclude, I must say, Mr. Secretary, that
“I think you were rather too severe upon us, when
“you were making your official rounds last March. We
“do not intend that you should have this opportunity
“on your next visit to our district. Taking all things
“into consideration, we have done a little more this
“year; and next year we intend, under the Divine
“Blessing, doing a great deal more.”

The Missionary stationed at Frampton, Rev. J. H. Jenkins, expresses himself thus, apologetically, with regard to the smallness of the sum contributed by his people:—“The amount subscribed in the Mission for the
“Society, is, as you see, very small. But it would have
“been almost doubled, had not the total failure of the
“potato crop, and the inferior yield of most other crops,
“materially lessened the means of many, who would
“otherwise have contributed to the funds of the Socie-
“ty.”

The only Clergyman connected with this Association, who has communicated any information to the Secretary, is the Rev. F.A. Smith, of Three Rivers.

Having mentioned that, since the period of his appointment, (which is of recent date), he had used every exertion in his power to gather in the contributions ordinarily offered to the Church Society, he proceeds thus:—"I am sorry to say that the amount falls far short of that collected last year. Some persons, who then contributed, are dead; others have left the place; and others decline giving this year, on account of hard times, and losses sustained in the late disastrous fire."

The Rev. E. C. Parkin, Missionary at Valcartier, has forwarded the following communication to the Secretary:—"Many efforts had been made to establish a School "at the Pine River Settlement, which forms a growing "and important part of this Mission: but every attempt "failed, till with the aid of some friends in Quebec and "Toronto, together with the liberal grant of the Church "Society, a School, promising many good results, has "been, I trust, permanently established.

"Two things I have to rejoice in, with thankfulness: "the acquisition of such a master as Mr. Lindenberg, "and the gradual subsiding of difficulties, which arose "from its being a Church of England School.

"It is certainly with much satisfaction that I refer to "the indefatigable exertions of the master. Under many "trying circumstances, and with small prospect of any "thing like adequate remuneration, he has set himself "down in a nook of the forest, with the hope of being "useful to his fellow men.

"The School, from such beginnings, now numbers 30, "or more, scholars of all denominations. And the Sunday School is even more numerously attended.

"It is difficult, at this early stage of its formation, to "report upon the general progress of the scholars: but, "to show that the instruction is duly appreciated, I "must state, that a night-school, which Mr. Lindenberg "has opened this winter, is attended by several of the "farmers around; who, anxious to redeem their mis-spent

Remitted, after Treasurer's accounts for 1856 were closed: for Mission Fund, £4.

"moments past, are, at an advanced age, learning to read, write and cipher. I may safely say, this is one of the many deserving objects benefitting by the funds of the Church Society."

From Stoneham the Rev. A. J. Woolrich thus writes:—"I am happy to be able to state that my people apparently exhibit an increasing appreciation of Church privileges. The number of Communicants has increased, and the Congregations are large and attentive.

"In accordance with the wish, expressed in the last annual Report of the Church Society, I have endeavoured on all suitable occasions to inculcate the duty of my Mission providing, according to its ability, for the support of the Incumbent,—and I am happy to be able to inform you that it has endeavoured to fulfil its duty in this particular, by levying £25 per annum, towards my stipend. You will also gather from the statement which I transmit to you, that in addition to the sum of £73 15s. raised for local purposes, my people, (who form one of the poorest Missions in the Diocese) have also contributed the handsome sum of £10 2s. 6d. to the Mission and general Funds of the Church Society. The Offertory collection on Thanksgiving-Day was devoted to the proposed memorial Church at Constantinople.

"I ought perhaps also to mention, that my people at Lake Beauport express themselves as very grateful to the Church Society for their recent grants to the Church School at that place. And that it is our intention, as soon as circumstances will permit, to build a stone Parsonage: towards the erection of which the Society recently granted £50."

The Rev. S. Briggs, a Clergyman from England, having reached this country during the course of the past Summer, was appointed by the Lord Bishop to the charge of Portneuf and Bourg Louis. Mr. Briggs, in a

letter to the Secretary, describes himself as having been, in addition to his other duties, much occupied in the establishment of Schools—a work, in which he expresses his hope that the Society may be able to render him efficient aid. He has two Schools at present in operation at Bourg Louis, and counts with some confidence upon being enabled, before much time shall have elapsed, to open a third.

The Rev. W. King, Chairman of the Megantic Association, having made arrangements for the holding of a series of Meetings in that District, the Secretary of the Society proceeded on 25th March to Pointe Levi; where a Meeting was held: which (in consequence, it is believed, of the unfavourable state of the roads) was not very largely attended.

On the following day a Meeting was held at St. Giles, distant 30 miles. The attendance was very good. And that no slight interest was felt in the proceedings was manifested by the fact, that so many came forward to give in their names as Subscribers, or as contributors of larger sums than heretofore, that the amount of last year's Subscription list was trebled.

At seven o'clock on the evening of the same day, a Meeting was held at St. Sylvester, distant from St. Giles 10 miles. The appearance of the Church, filled by a most attentive audience, was animating in no slight degree. Here too a considerable addition was made to the Subscription list of the Church Society.

On the morning following a Meeting was held at Leeds, 7 miles distant. But a small amount had been contributed by this Mission, in the way of annual Subscription, for the past year: owing mainly (it is presumed) to there having been no Clergyman on the spot. But as this difficulty is now removed, and as most of the people had been heretofore subscribers, it is hoped that

they will again become so, and to no less an amount than formerly.

The next day a Meeting was held at the Church, near Mr. Ward's, a catechist employed by the Society, in the Mission of the Rev. Mr. Emery, distant from Leeds eleven miles. Here too a very encouraging increase was made to the Subscribers' list: though the Mission is now called upon to contribute towards the maintenance of its Minister. On the evening of this day, the last of the series of Meetings was held at New Ireland. It was here suggested that the Church-Wardens should solicit Subscriptions from every family in that part of the Mission: a labour which they cheerfully consented to undertake.

The Secretary was accompanied throughout this tour by the Rev. Messrs. King, Carry and Emery. At every station, it is almost unnecessary to state, the resident Clergy hospitably entertained their Brethren, who had come to encourage them by their presence and their words, and to cheer their hearts, and strengthen their hands in carrying on the glorious work, equally obligatory upon, and equally dear to, all.

ABSTRACT
OF
PROCEEDINGS OF CENTRAL BOARD,
DURING THE YEAR 1856.

SPECIAL MEETING,—JANUARY 4TH.

Draft of Annual Report considered: and, with some alterations, agreed to.

Responsibility of payment of Rev. W. C. Merrick's salary assumed by the Society, upon transfer of amount of his Commutation by the Church Society of Montreal.

STATED MEETING,—JANUARY 10TH.

A letter from the Secretary, S. P. G., was read by the Lord Bishop, announcing the recommendation of the Committee to transfer the late Bishopric Fund to the Church Society of this Diocese, upon certain conditions.

The Report of the Finance Committee having been read, the following grants were made:

£20, towards erection of new School House at Portneuf, and £10 towards repairs of old one in vicinity of Church: upon certain conditions.

£15, for defrayal of expenses incurred by removal of Church at St. Catherine's, Valcartier.

£12 10s., repairs of Church at Dudswell.

Gratuity of £10 to Rev. W. C. Merrick. Gratuities of £10 each, to Rev. Dr. Falloon, Rev. Mr. King, and Rev. Mr. Parkin: upon certain conditions.

The Resolution of the Central Board, October 10th, 1855, with reference to gratuities, was allowed to remain operative until May 1st, 1856.

The Lay Committee were requested to address a Circular to the Church-Wardens and Congregations of the rural Parishes and Stations; urging upon them the duty of carrying out their part of the condition connected with the gratuity to the Clergy.

The Standing Committees were appointed—and it was ordered that 1,000 copies of the Report should be printed.

SPECIAL MEETING,—FEBRUARY 19TH.

The Lord Bishop having submitted a communication from the Secretary, S. P. G., having reference to the proposed transfer of the Fund for the future Endowment of the Bishopric of Quebec, it was

Resolved: That the terms proposed by the S. P. G. be accepted. And that the Lord Bishop be requested to communicate the same to the Society.

STATED MEETING,—MAY 14TH.

A Motion having been brought forward by Rev. Mr. Parkin, for increasing the annual grant for Missionary purposes, another Motion, in amendment, was submitted by Mr. Wurtele. After some discussion, Mr. Parkin consented to withdraw his motion: and it was then resolved that the several clauses of Mr. Wurtele's amendment should be referred to a Committee to report upon the whole subject.

The sum of £7 10s., in addition to former grant, was voted, to cover expenses incurred by removal of Church at St. Catherine's.

It was agreed to advance the sum of £125, on certain conditions, as a loan, to pay off debt on glebe at Gaspé Basin.

The Report of the Depository Committee was read, approved, and adopted.
